

Graduate Scheme Recruitment- Business Analyst at Numatic International Ltd, Chard

Numatic are pleased to announce the re- launch of our graduate schemes in 2022- the application process is now open!

Are you keen to:

- build your career within a growing organisation that is home to a beloved brand?
- work in an agile and fast-moving environment delivering forward-thinking digital solutions in the UK and globally?

Do you enjoy:

- thinking about how to make processes work better?
- getting to the root cause of problems?
- collaborating with others to innovate?
- having a varied workday?

Are you:

- a good communicator?
- positive and enthusiastic?
- a problem solver?
- interested in how technology can improve customer and employee experiences?

We are looking for an enthusiastic, adaptable, and eager-to-learn graduate from a range of degree disciplines to join our Information Systems & Digital Services graduate programme as a Business Analyst. The scheme aims to provide the successful applicant with a strong business analysis grounding and an introduction into digital solution delivery. Our department serves our entire business – Marketing, Manufacturing, Distribution, R&D, Sales, Customer Service, Operations, Finance, HR; in the UK and for our global companies.

The Opportunity

What does a Business Analyst do at Numatic?

- Document and analyse processes to identify and recommend improvements,
- Analyse data to spot trends, risks and opportunities, and recommend performance improvements,
- Review and analyse requests to determine feasibility and recommend options, and
- Work alongside other areas of the business to test and implement strategic solutions.

This role will be based at our Head Office campus in the heart of Somerset, Chard, and you will undertake a tailored 2-year programme. Your time will be primarily focussed on growing your business analysis and delivery skills, and will be also supported by:

- Dedicated periods providing business analysis support exclusively to specific areas of the business so that you can build expertise and understanding of the unique needs of our different business departments,
- Short placements across the IT and Digital Services department so you gain visibility across the full IT delivery and support lifecycle, and
- Short placements within key areas of the business so that you get an understanding of making, shipping and selling our products, and supporting our customers.

In addition to receiving first class training, we will also provide you with exposure to our senior leaders across the business, providing you with an opportunity to showcase your talents.

We embrace diversity, equity and inclusion and look to develop our people in the skills and areas they are most interested in, leveraging the qualities and unique competencies that each person brings to the company.

If you are interested in applying, please email jobs@numatic.co.uk with CV and covering letter.

Salary: £26,786pa
